

Exception

```
graph BT; WiimoteError[wiimote.wiimoteExceptions.WiimoteError] --> Exception[Exception];
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'Exception'. Below it is a box labeled 'wiimote.wiimoteExceptions.WiimoteError'. A blue arrow points from the bottom box up to the 'Exception' box, indicating that 'WiimoteError' inherits from 'Exception'.

wiimote.wiimoteExceptions.
WiimoteError
