

ModelPlugin

```
classDiagram
    class ModelPlugin
    class TetrapodPlugin["gazebo::TetrapodPlugin"]
    TetrapodPlugin --|> ModelPlugin
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'ModelPlugin'. Below it is a box labeled 'gazebo::TetrapodPlugin'. A blue arrow points from the bottom of the 'gazebo::TetrapodPlugin' box up to the bottom of the 'ModelPlugin' box, indicating that 'gazebo::TetrapodPlugin' inherits from 'ModelPlugin'.
